DETAILED ACTION

Election/Restrictions

1. Applicant's election without traverse of the embodiment of Group B in the reply filed on April 1, 2004 is acknowledged.
2. Claims 1-4, 8-12, 20, and 24-29 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected species, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on April 1, 2004. Claims 21-23 are further withdrawn by the examiner as depending from claims drawn to a non-elected embodiment.

Claim Objections

3. Claims 13-16, 18, and 19 are objected to because of the following informalities: the scope of the claims is not clearly defined since a contradiction exists within the body of the claims of whether the subcombination of the sealer only or the combination of the sealer and the bag is being claimed. For instance, in the preamble of the claims, the sealer is set forth as being the claimed invention. However, in claim 13, for instance, positive recitation the bag structure indicates the combination is being claimed. If applicant intends to only claim the sealer, the claim language should be amended to so reflect this intention. For the purpose of examination, the claims are considered to be drawn to the combination of the sealer and the bag. Appropriate correction is required.

Claim Rejections - 35 USC § 112

4. Claims 13-16, 18, and 19 rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Art Unit: 3727

The structure of the sealing device is not clearly set forth. What is intended by "the slot is slightly wider than twice the accumulative thickness of said two films" and "said two films are tightly contiguous"?

Allowable Subject Matter

5. Claims 13-16, 18, and 19 appear to avoid the art of record and be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

Conclusion

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

Please identify the examiner and art unit at the top of your cover sheet. Papers submitted via FAX into Group 3720 will be promptly forwarded to the examiner.

Art Unit: 3727

8. It is called to applicant's attention that if a communication is faxed before the reply time has expired, applicant may submit the reply with a "Certificate of Facsimile" which merely asserts that the reply is being faxed on a given date. So faxed, before the period for reply has expired, the reply may be considered timely. A suggested format for a certificate follows:
